DETAILED ACTION

This action is in response to the submission filed on. Claims 1-8, 10-11, 13-30, 32-36 are presented for examination.

EXAMINER'S AMENDMENT

- 1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
- 2. Authorization for this examiner's amendment was given in a telephone interview with Jim Patterson (Registration number 52,103) on March 11, 2008.
- 3. The application has been amended as follows: Claims 13, 26-30, and 32-36 are cancelled.

Allowable Subject Matter

- 4. Claims 1-8, 10-11, and 14-25 are allowed.
- 5. The following is an examiner's statement of reasons for allowance: While Operating Systems Concepts discloses allocating contiguous portions of memory this reference taken either alone or in combination with the prior art of record does not disclose,

(Claim 1) "...emulating a memory access operation, wherein the emulating comprises: attempting to access a contiguous portion of the emulated memory having the first address; comparing a first identifier in a pointer associated with the first address with a second identifier included in the table, the second identifier being mapped to the first address...",

(Claim 6) "...making a call to a memory manager for an emulated memory access operation to an allocated contiguous portion of emulated memory, wherein a generation count has been assigned by the memory manager for the emulated memory access operation..."

(Claim 14) "...outputting a diagnostic when the respective generation counts of the comparison do not match..."

(Claim 22) "...and further wherein each identifier is entered into its corresponding table entry by an emulator application..."

in combination with the remaining elements and features of the claimed invention. It is for these reasons that the applicant's invention defines over the prior art of record.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
